

Looking for a way to stay connected with your loved one?

FHSL is pleased to announce a new program:

Fair Havens Family Phones!

During this challenging time, we understand just how important it is to keep our residents connected to their family and friends. With the Fair Havens Family Phones program, each Fair Havens resident may request a simple cell phone preloaded with minutes so they can keep in contact with loved ones.

Once minutes are used up, family members may purchase additional minutes

If interested, contact the front desk at (217) 429-2551
